Can Be Afforded:.2 FOR SALE. SENT WITH INCOME SECOND OCEAN TO DON CULLUM'S LAT' Y LAISSEES FOR 49c SENT FIRST CLASS TO YOU ROUND- TIME RANCHERS. N. Y. BOOK OF ALMIGHTY GOD, in print for only 50c. new edition ready for delivery. Address A. A. WINFREE, Box 285, Flint, Mich. IS THERE A WAY TO EAT THAT RED CRAB? NO! NO! Then what are you talkin? to kick in the gizzard? Not I. But Doctor Bill, the great specialist on shellfish, says you can eat it. He says if you'll just chew it first-- For a minute put on your thinking cap and let me finish. He says, that's all there is to it. You just have to chew that red crab and swallow it. eat the stuff-- to a cracker. But what's the use? There's only one chance in a thousand your doctor's right. You see a red crab in a restaurant and you say, "I'll have him," and you order him cold, on the half shell. He's delicious--and the thing's too fat to swallow. Yours for \$1.00. Send quick. even if it is your first time! It is cheap and takes no time to learn. The books come in a plain brown wrapper. They are a snap to read and understand. You can't be thrown off your guard by a cracker, because they don't know anything except the words they read. Write for details. \$1.00 Copy No. 281 contains the mistakes you should avoid. It shows you the places where you are apt to be caught at fault. You could cheat some of the time, but you wouldn't be able to cheat all of it. The price is only \$1.00. I HOPE YOU ARE NOT AT all surprised to receive this letter telling you about our offer of the above-mentioned "copy, save your account." It will no doubt relieve you to know that your problem is not to be solved merely by ploughing through a large pile of people who want you to be able to "get rid of an account," and as

---

you will see, this copy is "no pile." The people who send it to you are already subscribers and have asked me to tell you of it, because they are interested

The April 15, 2013 issue of Consumer Reports gave the Samsung Galaxy S4 mini a positive rating and included it as one of its best phones of the year. Samsung's high-quality phones can have many uses, though. Those who want to keep their phones looking good and running well will benefit from these repair tutorials. If you want to save money, you can simply watch out for good deals. The Samsung Galaxy S4 mini repair services at our shop include fixing cracked screens and building a phone from scratch. These tutorials are for customers who need a phone repaired quickly. They are not intended to instruct the average DIY hacker on the technical workings of a phone. These tutorials will show you

---

how to repair all of the following issues. Cracked Screen If you need your phone repaired for a cracked screen, you can get our products shipped to our shop and picked up for free.

Once we get the phone repaired, we'll ship it to you. Your regular bill will still include the shipping costs. Phone

Building from Scratch If you need a new phone built for a replacement, you can still save money by getting a shipping box and picking up the phone at our shop. The price for the phone will vary depending on the condition, but you can usually get it to run for less than \$100. Improving Camera

To improve your phone's camera and have a sharp picture, you can get our two-step solution. Buy the DSLR adapter and mount the adapter to your phone and take some quality images.

How To Fix Cracked Screen 1. Take the screen apart. (Section 2 of this tutorial will show you how to do this.) Remove the LCD portion and reassemble it upside down on the screen assembly (as shown in Figure 1).

2. Use the screen protector on the reassembled LCD assembly. (You won't need a new screen protector for this part of the tutorial.) 3. Apply new screen protection to the LCD assembly. (You can use a new screen protector you've purchased or create your own.) 4. Assemble the screen assembly on the phone. (Attach the contacts and the back and it's ready to use.)

Fruit fly homologs of the human G-protein-coupled receptor kinase GRK4 and GRK5. G-protein-coupled receptor kinases (GRKs) are membrane-bound serine/threonine protein kinases that enhance signaling of G-protein
